A Primary Member is permitted a second membership card for his Secondary Member listed on this application. His first choice must be his spouse, and if not married, then a second choice must be his co-inhabitant, if not either of these, then he can designate a girlfriend, boyfriend, parent, or grandparent. The Club will act against any Member who exploits this paragraph i.e. designating an acquaintance to circumvent the guest rules, when the person should be a candidate for a new membership, not honestly representing their relationships, designating a co-inhabitant of the same sex when the Member is not openly gay etc. If the Secondary person is not part of the Primary Member's household, this privilege will not include the Secondary's household or family that lives separate from the Primary's household. The Primary and/or Secondary Member must be present with any household Member when on the property. No children can use the boats without a 16, 17, 18-year-old accompanying them. The purpose of this paragraph is to open the Club somewhat, to allow non-married members without children, and grandchildren, equitable opportunities for utilizing the Club, and to make the Club more member friendly.
