A Primary Member is permitted a second membership card for their Secondary Member listed on this application. His/her first choice **must be** his/her spouse, and if not married, then a second choice must be their co-inhabitant, if neither of these, then he can designate a girlfriend, boyfriend, parent, or grandparent. The Club will take action against any Member who exploits this paragraph i.e. when the person does not honestly represent their relationships. If the Secondary person is not part of the Primary Member's household, (living in the same house) this privilege will not include the Secondary's household or family that lives separate from the Primary's household. The Primary and/or Secondary Member must be present with any household Member when on the property. No children can use the boats without a 16-year and older accompanying them. The purpose of this paragraph is to somewhat open the Club, to allow non-married members without children, and grandchildren, equitable opportunities for utilizing the Club, and to make the Club more Member friendly.

Members aren't paid for working, and/or serving as Officers and Committeemen. As such, the Club relies on volunteers to work at the Club in order to keep it solvent and presentable. The by-laws request everyone work or contribute two days a year (usually work days are about 2-hours). Members will not be ousted for failure to work. Work can include grass cutting, weed eating, general maintenance, improvements, serving on committees and/or Offices. Not all work details require physical labor. Based on your work schedule, typically, what days are you available to work, serve on committees, and/or contribute in any manner to support the club? What skills or trades do you possess?
